Caribbean Beach Resort Fuentes del Morro Pool At home Disney Skyliner Hub, making transportation to Epcot and Hollywood Studios very easy. Very large lavish resort, which means that bus transport can take some time. Please note that the resort does not have an elevator, so guests with mobility problems will want to take into account. What is Caribbean Beach Resort (CBR)? Caribbean Beach Resort opened on October 1, 1988 as the first Disney World Moderate Resort. The hotel is themed across various islands, here named after the sox in the Caribbean and is easily recognizable by its candy-colored buildings throughout the resort. The CBR offers rooms in colourful 2-storey buildings on the shores of a 42-acre lake. The buildings are grouped into 6 villages: Barbados, Martinique, Aruba, Jamaica, Trinidad North and Trinidad South. Each building has 64 rooms. Each village has its own swimming pool, sandy beach with hammocks and playgrounds, laundry, bus stop and parking. You can identify the village by their colorful buildings: Jamaica is a yellow building with blue roofs Aruba is pink and purple buildings with water roofs Barbados is light blue buildings with coral roofs Martinique is coral and pink buildings with water roofs Trinidad North and South are bright and dark coral buildings with dark coral roofs Colorful Building in Jamaica Village This resort is very spread and large. The main building of Old Port Royale is a 15-minute walk away. Disney's main skyliner center is located in Caribbean Beach, south of the Jamaican town, placing CBR in a prime location due to easy access to Epcot and Hollywood Studios via Skyliner. Caribbean Beach is right next to Disney's Riviera Resort. Guests in Martinique can easily walk to the Riviera and use the Skyliner station. Skyliner Hub at Caribbean Beach Resort The focal point of the CBR is a 45-hectare lake, Barefoot Bay, surrounded by a 2.1-mile promenade that connects to winding paths leading to all rooms and public areas. The promenade is ideal for walking, jogging and cycling. In the center of the lake is Caribbean Cay, an island with a playground, picnic area and plenty of lush leaves. Caribbean Cay is connected to the promenade on both sides of the footbridge. Caribbean Cay Old Port Royale (OPR) is the main check-in and activities area. Here you will find Centertown Market (the main food court), Sebastian's Bistro (sit-down restaurant), Calypso Trading Post (shops), Lobby Concierge, Bell Services, Goombay Games (arcade), the large Fuentes del Morro pool (themed after the Spanish fort), the water slide, paddling pool and jacuzzi. There is also a barefoot Bay Marina and Bike Works (bike rental), a bus stop and parking. Walk between Old Port Royale: Rooms are a 15-minute walk away. If distance from the OPR is important to you booking your preferred building. Please refer to the resort map at the time of booking. The nearest OPR buildings are located in Martinique (in order of proximity: buildings 26, 25 and 24). The furthest buildings are located in the part of Trinidad (buildings 37-39). The chips of Aruba and Jamaica are located on the other side of the lake from the OPR; some buildings (44-46 and 51-53) in these villages are quite close. If you want, you can drive from the room to the OPR or use the internal bus. Due to the size of the resort and how it is spread out, there are 7 bus stops throughout the resort accessible by Disney's bus service. An internal shuttle service is available daily and provides transport between the villages and the OPR. Old Port Royale Entrance Wheelchair-accessible vans are available for check-in or check-out. What are the rooms? In none of the buildings there is an elevator, only stairs. If you are not allowed to use the stairs, please order rooms on the 1st floor. Recreational pools Each CBR village has a swimming pool, while the Old Port Royale features a main pirate-style pool with an adjacent paddling pool and jacuzzi. All pools are heated, which makes it comfortable swimming all year round. The jacuzzi is kept very toasty. Bring towels from the room; they are not available by the pool next to the Old Port Royale pool. Cleaning will be more than happy to replace the towels taken from the room. Pool hours are seasonal, and only the main pool has lifeguards on duty during official business hours. The main pool can be crowded on hot afternoons, and the seat on the chair is at a premium. However, rural pools are rarely crowded, so you can try one of these if the main pool is full. Beaches Each village has a white sandy beach by the lake. (After all, this is a Caribbean "Beach" resort!) On the beaches there are sun beds and comfortable hammocks. Please do not swim in the lake. However, we invite you to get wet in the neighboring village pools. Small playgrounds are located on the beaches of Barbados, Jamaica and Trinidad. Bicycles can be rented on site. The 2.1 km long promenade around the lake is perfect for cycling. Also a lot of fun are surrey bikes designed to accommodate parties from 2 to 4. Beach volleyball court – white-swallows is located on the beach in Barbados. You can pick up a volleyball in the Marina building. Numbers from the resort are required. Food Old Port Royale offers a centertown market, open from 6 .m midnight, with a more limited time for some counters. Banana Cabana is the main pool bar near the Fuente del Morro pool. It is open from 12:00 to 23:00 and serves burgers and a variety of dishes, as well as a full bar menu. Vending machines with drinks and snacks are in every village. Ice machines are located in each room building. Shopping Calypso Trading Post at OPR sells sundries, souvenirs, Disney and Caribbean themed sportswear, and a limited variety of groceries and snacks. Transport Caribbean Beach Resort is a very large holiday complex, and some rooms are located quite far from Old Port Royale. The property provides a free shuttle bus from CBR to Magic Kingdom, Epcot, Disney's Hollywood Studios and Animal Kingdom, water parks and Disney Springs. Bus stops are available in every village and in Old Port Royale. Buses run approximately every 20 minutes – usually more often – from 1 hour before the park opens to 1 hour after the park closes. You can budget about 45-60 minutes in total for a bus trip from the room to the amusement park. This includes walking from the room to the bus stop, waiting for the bus, bus travel time and walking from the amusement park bus stop to the entrance gate. There is no direct service from CBR to other resorts. You can take the bus to the theme park or Disney Springs, then change to a single track, boat or other bus, depending on where you're going. The journey from the resort to the resort can take more than an hour. Buses to and from theme parks and Disney Springs make stops in OPR and in all CBR villages. Some buses start the CBR loop in Martinique and continue with OPR, Trinidad, Jamaica, Aruba and finally Barbados before exiting CBR. Other buses start in Jamaica and continue to Aruba, Barbados, Martinique, OPR and Trinidad. There are no strong reasons to prefer one village over another depending on the availability of transport. Of course, some buildings are closer to bus stops than others; if the proximity of the bus stop is a problem, ask when the room was selected. It is worth getting acquainted with the map. The internal bus stops in each village and on the OPR and encircles the resort twice before departure. If you bring or rent a car, the parking lot in CBR is large. I hear that there are no more keys to the room in Disney resort hotels. How do I get to my room?
